JESSICA M'CORMACK

BOWS

Jessica McCormack's 'Bows' collection unravels the traditional bow motif to offer a modern and distinctive take on a classic design.

Developed in the House's Mayfair workshop, the collection balances delicate silhouettes with bold unexpected proportions, contemporary settings and signature Georgian and Victorian techniques, to create a collection which is sculptural, expressive and quietly subversive.

Designed to be layered, stacked and lived in, Bows embodies the spirit of Day Diamonds - jewellery made for everyday life. Both delicate and powerful, romantic yet irreverent, Bows is a fresh interpretation of a timeless icon.
